

**FIRE DAMAGES TWO HOUSES IN SALEM, LOSS OVER \$7000**

Alman Home, Franklin Ave., Guttered By Flames On Sunday Morning.

**REMOVE PART OF THE FURNITURE**

Roof Of George Chappell Home, McKinley Ave., Is Damaged.

Two fires starting from sparks that fell on the roofs, caused much damage in Salem Sunday morning, one home being partially destroyed.

The first fire of a house Sunday morning for the fire department was at the home of George Chappell, McKinley ave., where sparks caused about \$100 damage at 9:53 a. m. The blaze was quickly extinguished.

One hour later the department responded to a three-alarm call at the home of Holmes Alman, 466 Franklin ave. Damage estimated at \$7,000 was caused here by sparks which caused the blaze to break out on the roof and eventually spreading to all parts of the house.

Mr. and Mrs. Alman were listening to a radio concert when Mrs. Alman noticed smoke outside and ran out to find the cause of the fire.

Running upstairs Alman found the second floor in flames and was only able to drag a few things out. Neighbors and firemen carried many things to the street while the fire was raging, and Fire Chief McElroy and his men entered the burning second floor and fought the fire from the first floor, the second floor being almost completely turned out.

Water was played on the fire for an hour and a half while the blaze, fanned by the biting wind, broke out continually in supposedly quenched places.

**Much Damage Results**

After the flames died down a little a call came in to the central station for the department to answer at Young and Franklin, and after an investigation by Safety Director Zimmerman, it was found that it was for the same fire some one evidently just noticed it and sending in another alarm.

It was necessary to lay all hose that two trucks carried to fight the blaze, which was stubborn, and had such a good start. Emergency supplies had to be brought out to the pump.

The Alman home, which is almost a total wreck, except for the walls and floor in the downstairs part, had only recently been repaired, and a new roof put on. Furniture was ruined by flames and water, while a number of pieces of furniture were brought out slightly damaged.

In addition to the Almans, Mr. and Mrs. J. T. Leese and Mrs. Miriam Bumbaugh, relatives, occupy the home.

Members of the family were sleeping in an upstairs room. Percy Stevill kicked out a window and stepped on the porch roof with the intention of saving the children, but he was killed before the plan could be carried out.

New York, March 17.—One man is believed to have lost his life and several firemen were overcome by smoke in a fire which early today destroyed a five-story loft building in the Brooklyn section of Brooklyn.

**MANY NOVELTIES IN MUSICAL SHOW BY HOME TALENT**

Yoo-Hoo Will Be Presented Wednesday And Thursday At Grand.

An abundance of novelty and surprise numbers abound in the home talent play, "Yoo-Hoo," which will be presented under the auspices of the Lady Maccabees at the Grand Wednesday and Thursday nights.

Robert Culbertson, Thomas Baugle, Jennie Heckert and Katherine Stratton, four young persons who have already made their marks in entertaining in Salem, will assume the leads in the production. These four have the principal parts in most of the scenes, surrounded by a large company of fine performers.

The prologue consists of chorus work by three choruses of girls, appearing at the same time, costumed differently, doing different steps, and surrounded by special effects in lighting. This is the first hit of the show, the director says.

There are many high spots in the show, among which are the following scenes:

A quick lunch scene, different from anything ever presented here, which will be full of comedy; a plentiful supply of blackface comedy by Frank Allen and Clyde Bolen, premier burnt cork specialists; a surprise number, "You and I."

"The Darlings," an especially pretty number by girls wearing lavender costumes trimmed in gold, will be a big feature. Paxson, Erheart, Smith and McGee compose a quartet which will sing a variety of striking songs. The novelty hit of the show is called "Home From the Ball."

The boys chorus will be composed of Paul H. Smith, Chester McCave, Ralph Zimmerman, Chester P. McElmer, Kenneth Kelly, Robert Culbertson, Edward Allen, Paul Schmid, Fred Zeigler, James Edwards, Thomas Erheart and Roland Paxson. A playtime scene with little boys and girls will have the following choruses of boys: James Rhodes, Robert Haldreth, William Litty, Roland Thomas, Laurence Hanna, Orville Bush and Albert Allen.

**SALEM WOMAN, 85, HONORED; READY TO MAKE GARDEN**

Mrs. Rachel Bonel, one of Salem's oldest residents, was complimented with a surprise party Saturday evening by 16 relatives to make happy her 85th birthday anniversary, at her home, Ellsworth ave.

The evening was spent in a delightful social manner and the honoree who has a wonderful memory, related many experiences which were interesting to the guests.

Among those present were her two children, Mrs. Curtis Howell and Walter Bolen, her one sister Mrs. Louis Woolman, and one brother, Frank Ingledue who is only two years younger than Mrs. Bolen. Others who enjoyed the festivities of the occasion were the families of those mentioned including one great grandchild.

Mrs. Bolen enjoys unusually good health for one of advanced years. She does all her own housework, even to the washing, manages her business affairs and is looking forward to making her own garden.

Although not a charter member, Mrs. Bolen is one of the oldest members of Rebekah and was initiated with the charter members. She is still active in the lodge.

**FOUR ARMY PLANES HOP OFF FOR TRIP AROUND THE WORLD**

Planes Leave Santa Monica Field This Morning, Heading North.

**COMMANDER FEELS SURE OF SUCCESS**

Duplicate Parts For Each Plane Shipped To All Scheduled Stops.

Santa Monica, Calif., March 17.—With the cheers of a crowd of approximately 2,000 people ringing in their ears, three of the four army planes, which will attempt to circle the globe took off from here at 9:32 a. m. today on the first leg of their long air journey.

The plane piloted by Lieut. Erik Nelson was not completed until early yesterday. Lieut. Nelson immediately flew the ship to San Diego for its compass swinging and was unable to return here in time this morning to take off.

He will overtake the other three ships by the time they reach Seattle, Pa., Friday night and hold for the Salem officers. He fled the city Friday when warrants were sworn out for John Rotz and Teofil Andrei, the other two men being arrested on the same charges. Rotz is still in jail, where the course rises in a slight knoll and with two short ships was in the air, at a speed estimated at 55 miles an hour.

Half a minute later and close on the heels of Maj. Martin, Lieut. Wade in plane No. 3, sailed over the course and leaped into the air.

Lieut. Smith in plane No. 2, was momentarily delayed because of a heavy dust screen over the field caused by the start of Maj. Martin and Lieut. Wade's planes, but he left the earth at 9:34 a. m.

An hour before dawnbreak a murky gray mist hung to the northward between the fliers and Sacramento to the end of the first "hop."

**Confident of Success**

Half an hour before the scheduled starting time the three planes were wheeled onto the starting line and working under the glare of a 2,000-watt candle power searchlight the planes were fueled and the motors warmed up. Just before the slightest sound of defect.

"We are confident of completing our aim but we will perhaps encounter every atmospheric hazard known to aviation," Maj. Martin said. "We have the best equipment possible and we know we are going to win."

The complete personnel of the four planes, including Maj. Martin, are First Lieutenants L. H. Smith, Leigh Wade and Erik Nelson, who will pilot the planes and Second Lieutenant John Harding, Jr., Sergeants A. S. Turner, A. L. Harvey and Henry Ogden, mechanics.

Duplicate parts for each plane have been shipped to all scheduled stops along route where the motors will be thoroughly inspected before starting the next leg of the flight.

**NOT SPONSORING DRIVE FOR FUNDS**

Mayor Says German Relief Committee Statement Was Unauthorized.

Mayor Schaeffer gave no official permission for any drive for funds to feed starving German children, as stated by the representative of the American committee for the relief in Salem Saturday.

The representative called on me and asked me to help start a drive," states the mayor. "I told him it was not the custom of the mayor in Salem to sponsor such things, but that he should see some civic organization, especially the Chamber of Commerce, because if such a drive were put on, I felt it should be sponsored by a civic society."

"I asked him if he would wait until I had presented his card to Miss Helen Chancellor, secretary of the Chamber of Commerce, so that she could find out what the chamber would decide whether or not the representative might meet with them."

The unauthorized statement that the mayor and chamber officials would meet Monday was given out by Mr. Dally of the relief committee.

Retz Case May Be Started Wednesday If Counsel Reaches City.

Martin Gardner of Salem was placed behind the bars of a cell in city jail late Saturday on charges of manufacture and transportation of whiskey, and for bribing Earl Ritchie, constable of Perry township, and former state prohibition officer.

Gardner was arrested in Sharon, Pa., Friday night and held for the Salem officers. He fled the city Friday when warrants were sworn out for John Rotz and Teofil Andrei, the other two men being arrested on the same charges. Rotz is still in jail, where the course rises in a slight knoll and with two short ships was in the air, at a speed estimated at 55 miles an hour.

Ritchie himself was arrested for accepting the bribe of the three men, and also for transportation of whiskey in and near Salem. He is at liberty on bond, and will have his trial before Mayor J. B. Schaeffer Thursday.

Ritchie's friends have been broadcasting counter charges of a frame-up on the part of Chief of Police Thompson and his department, but Ritchie himself would make no official statement as to his case.

Hearings for the trio of alleged bootleggers have not been set, due to the inability of the defendants' legal counsel to make arrangements. If Atty. Frank Coburn of Toledo can be in Salem Wednesday, the hearing of the case against Rotz will be started.

Finding Failure's Strong Spot Her Path To Success

New York, March 17.—"There is no such thing as a failure in life,"

Miss Mary McGuire, for many years a New York social worker, made this statement today as she sat behind her desk at the joint application bureau—a new type of employment agency. She offers only employment the applicant would enjoy, and in which he would be successful.

"Every man has his strong spot," Miss McGuire said. "If one finds the failure's 'strong spot' the road to success is clear. The 'strong spot' may be love of family, religion, some study, or a hobby."

"All so-called failures are the men who have attempted the jobs where they do not fit in. Soon hopes die—for hope dies easily. Fear also leads to failure, as does illness."

"Overcome lost hope, fear and illness, then find a man's 'strong spot,' play on it and you have a friend and put a man on the way to success."

**CHARGE IS BASED ON TESTIMONY IN SENATE OIL PROBE**

Charge Doheny Conspired With Fall To Defraud United States.

**CALIFORNIA OIL LEASES AT STAKE**

Oil Representations False, Fraudulent, Latest Suits Charge.

Los Angeles, Cal., March 17.—Bribery of former Secretary of the Interior Albert B. Fall by Edward L. Doheny was charged here today by the government in filing a suit in the federal court to cancel the California oil leases of the Pan-American Petroleum company, obtained through Fall.

On the basis of testimony brought out in the Senate's oil investigation in Washington, the government counsel, Alton C. Williams, and Owen J. Roberts, declared that Doheny and Fall conspired to defraud the United States through the leases, and that Doheny paid Fall \$100,000 for his services in giving the Pan-American company, of which Doheny is president, control over the oil bearing lands in naval reserve number 1.

As in the suit filed last week in Cheyenne, Wyo., to cancel the Teapot Dome leases to Harry Sinclair, the government based its charges on the testimony of the government counsel, Alton C. Williams, and Owen J. Roberts, declared that Doheny and Fall conspired to defraud the United States through the leases, and that Doheny paid Fall \$100,000 for his services in giving the Pan-American company, of which Doheny is president, control over the oil bearing lands in naval reserve number 1.

**Fraud Charged.**

"The representations made by Fall, the government bill said, 'were to the effect that said order was proper, necessary and for the best interests of the government of the United States and the public, all of which representations were false, fraudulent and untrue, and were at the time known to Fall as false and untrue, and were made by Fall not in good faith and for the benefit of the public interest, but for the unlawful purpose of enabling him to effect a fraudulent transfer of rights in said lands to defendants.'

"Subsequent to the making of the said order, Fall and Doheny did combine, conspire and conspire to defraud the United States. Pursuant to said conspiracy it was agreed and arranged between Fall and Doheny that in the event certain rights were created in defendants, Fall was to receive certain rewards from Doheny and he did in fact receive certain rewards from Doheny in consideration (Continued on sixth page.)

"Miss Bob White," the musical comedy to be presented by the High school chorus, and orchestra, March 27 and 28 at the auditorium, promises to be the most interesting, most attractive, most spectacular work of the kind ever put on by the chorus and has the best plot and many funny situations which make it attractive in the extreme.

## The Bribery Cases

AN anonymous letter to The News, which cannot be published because the writer did not have the courage to sign his name, is introduced by "wondering if the reporter's investigation in this matter might have overlooked the fact that the present hurry has so far been, so far as the writer is able to ascertain, based entirely on spite work among violators of the prohibition law."

That much of the letter is quoted in order to inform this anonymous writer that the reporter is not making an investigation of this matter. The chief of police is making this investigation and it is the province of the reporter merely to relate the details of the legal procedure in the case, as he did. It may be a frame-up, as the writer intimates, but so long as the charges have been filed and arrests made on warrants sworn out by the chief of police, it is the duty of that officer, and not of the press, to investigate and to prosecute the case in the courts.

The News still recognizes the fact that the law acknowledges the innocence of an accused man until he is proved guilty. Too many people forget that whenever a charge is filed in court. That status of an accused man applies in the Ritchie case. His persistence in liquor law enforcement in past months might throw him open to offers of bribery. Whether he accepted any such offers is for the evidence in court to determine. Until such proof is established his innocence is presumed.

It is not to be questioned that the liquor element would welcome Ritchie's removal from the scene of his activities. The mere fact that the charges against him are based on evidence obtained from those who have been prosecuted by him for liquor law violations tends to the belief of many that the whole case is a frame-up. It does not look good on the face of it, but merely saying so will not prove it. Ritchie can find vindication only in the courts, and it is well that he has decided to defend himself there, instead of through the press, as the anonymous letter writer would try the case.

## Taxicab Regulations

RECENT expressions of sentiment throughout the city indicate that taxicab service is not ready for metered taxicab service. And if such is the case, city council should not demand that kind of service through the passage of an ordinance. Metered service is used in most cities with the result that it has placed the taxicab business on a higher plane and given the public better service. The same could be accomplished here without hurting the business of any company, but if the customers do not want it, it should not be forced on them.

One important point, overlooked by most people who discuss this issue, is that taxicab companies have but one thing to sell, namely mileage. Operating costs are based on this mileage, just as railroads and interurban lines base their costs, and there should be no more reason to expect service for mile at the same price as a half mile, than to expect to get a pound of groceries at the same price as a half pound.

But objection to this one feature should not halt the passage of the ordinance providing for other regulations, especially the liability insurance clause. That is a protection the traveling public should have, while the city is entitled to a license for operating on the streets. Let these two provisions be embodied in the proposed ordinance.

## They Seek Revenge

MR. DAUGHERTY committed an unfortunate offense against the Democrats and they seem determined to get revenge. He brought suits involving war contracts given during the Democratic administration and saved the government \$85,000,000 out of \$85,000,000 of claims contested, recovered for the government \$3,500,000 that had been paid out illegally, got judgment for \$1,225,000 more, and secured the indictment of 95 persons on

charges growing out of war contracts written and approved by Democrats. Daugherty did this without parading the facts through the newspapers. Now the Democrats are going after Daugherty through the newspapers but not getting anywhere with specific evidence.

## IRELAND'S LEADER PLEADS FOR PEACE

### St. Patrick's Day Message Given To Irishmen Of The World.

Dublin, March 17.—President Wm. T. Cosgrave announced today a message to all Irishmen and women throughout the world appealing to them to assist in establishing peace and unity throughout the Free State. The message follows:

"In honoring St. Patrick's Day, Irishmen and women proclaim once more the unity of their race of which St. Patrick is the symbol. Upon this day of his festival let us pray that the spirit of St. Patrick's teachings may form our deliberations and regulate our actions so that the differences of opinion may always be discussed without rancor, as they may be adjusted without violence."

"Only thus can we hope that the wounds that have been inflicted upon our country can be healed. Now that the heat of conflict has abated, these who from honest motives opposed the government should now be convinced of the necessity of dropping their attitude of hostility and of putting their shoulders to the wheel, working with their fellow countrymen for the regeneration and rebuilding of the nation. To all of such we extend a welcoming hand."

"We extend the hand of welcome also to our separated countrymen in the Northeast in the hope that misunderstandings of the past may be cleared away and that a real community of interests and of spirit may be realized and brought into effect. To them we speak once more in the words of the poet, 'We are one at heart and if you be Ireland's friend; there are but two parties in the end.'"

"By 'countrymen in the northeast' President Cosgrave referred to the residents of Ulster province who refused to accept the Free State and have their own independent government."

## United States Boasts Most Distinctive Roads In World

If proof were necessary that the United States, which, thanks to the development of the motor vehicle, is now passing through the most intensive period of highway development in the history of the world, is building roads that surpass in quality anything of the kind constructed since the days of the Roman Empire, that proof is to be found in abundance.

It exists not only in the quality and quantity of American highways but in the development of road-building methods and materials. The road builders of this country have not only outstripped their ancient predecessors in the use of the most ancient materials but are getting better results with greater speed, less labor and lower cost.

## GROWERS EXPECT LARGE WOOL CLIP

### County Co-operative Method Will Be Used To Dis- pose Of Wool.

Wool growers of Columbiana county are of the opinion that the 1924 clip will eclipse that of the last few years, and that practically the entire tonnage will be sold through the co-operative agency of the Ohio Wool Growers' association of which the Columbiana county sheep and wool growers is a part.

The fact that the Ohio Wool Growers' association is not and never expects to become a purely speculative concern is considered a worthy one by wool growers. The function of this organization, is to spread its sales out through the year, generally speaking, and secure to the grower an average value through a period of years, and the result so far obtained it is said justifies this course.

The Columbiana County Farm bureau has given the wool growers' organization its whole-hearted support and the advance in tonnage shipped from this county during the last few years through this channel indicates that county growers, with very few exceptions are backing the co-operative shipping movement to the limit.

There was a time, many years ago, when Columbiana county was the second largest sheep growing county in the United States, exceeded only by Washington county, Pennsylvania. This record is a matter of history. Then came the decline in this industry in this county until a few years ago when an upward movement was disclosed.

When wool was selling at a low price many former growers unloaded their stock and remained out of the industry until the market improved. An increased demand for sheep followed immediately when the market began to rise, and when wool was sold through the Ohio Wool Growers association at a higher return to the farmer and grower than to soliciting buyers.

A copy of the reorganization agreement has been placed in the hands of all wool growers in this county, together with a copy of the marketing agreement. These agreements are now being returned to the main offices of the organization, and will show the estimated wool production of every grower in the county for the current season.

### Human Decoy for Wolf

The Russian hunter's method of killing wolves is interesting. A great hefty peasant, with fellow hair, snub nose, red face and shining blue eyes, brought an immense wolf's skin to me once and I asked him how he obtained it, says Francesco M. Wilson in the Manchester Guardian. He was standing at the window of his izba one late afternoon, he said, when he saw a wolf walking through the village street. He seized his gun, called a friend and they went in pursuit. The wolf stopped on the top of a hill outside the village and looked at them. To prevent it from running away the second man went down on all fours and moved toward the wolf. He looked, in his heavy sheepskin shuba, for all the world like an animal and the wolf ran back to attack him. When it had come to a convenient distance the hunter shot it.

knowing that in the United States are now to be found some of the most distinctive as well as the most unique and interesting highways in existence. The United States possesses the longest paved motor road in the world, the Pacific Highway, running from Vancouver, B. C., along the Pacific coast to the Mexican border, a distance of 1,476 miles.

In this country also is to be found the highest motor road in the world—that on Pike's Peak in Colorado, 14,109 feet above the level of the sea, Nevada ave., Colorado Springs, Colorado, 6,341 feet above sea level, is the highest paved street in the world, and Market st., Philadelphia, is the widest.

The shortest and narrowest paved motor road in existence is likewise American. It traverses Smith's Island, one of the little islands in the lower Chesapeake Bay, near Christfield, Md. This road is less than a mile long and is just wide enough to permit the passage of one motor car at a time. At intervals there are sidings, or "passing tracks," where the cars pass each other.

In this country is to be found not only the most unique paved street in the world, but three of the world's most beautiful and famous asphalt paved mountain roads—the Columbia River Highway in Oregon, the Storm King Highway which overlooks the Hudson River and "America's Valley of the Rhine" from the Peekskill Mountains in New York, and the Lackawanna Trail which runs from Lackawanna Water Gap through the Pocono Mountains in Pennsylvania.

The unique street referred to is Lombard st. San Francisco, a twisting thoroughfare which climbs a steep hillside at 30 per cent grade in much the same manner as a grape vine climbs a pole.

Various ancient paving materials have entered into the construction of these thoroughfares, chief of which is asphalt, the oldest waterproof adhesive known to man and the most ancient of all road materials since it was first used in paving a street in Babylon by King Nabopolassar in 2500 B. C., or nearly 4,500 years ago.

At different times in the centuries that followed, asphalt was discovered first in the form of rock asphalt occurring as limestone and sandstone impregnated with asphalt and later mixed with vegetable and mineral matter in pools and lakes, notably those in Trinidad and Venezuela.

Within the last ten years it has been found in apparently inexhaustible quantities embodied in the heavy petroleum of Mexico and California. These petroleum are now subjected to a refining process by which the lighter oils are removed.

## NEW CRIME WAVE TAKES FOUR LIVES

### Three Women Are Murdered, One Man Ends Own Life In Cleveland.

Cleveland, March 17.—A crime wave of unusual proportions marked the beginning of the week in Cleveland. Three women were murdered, a man committed suicide, and more than one hundred persons were under arrest on gambling and vice charges as a result of the outbreak.

Mrs. Joseph Daxberger, 38, was beaten to death with a hammer, her body being found by neighbors lying across the bed in her home Sunday. On the floor of the room was found the body of the husband, Joseph Daxberger, 49, with two bullet wounds in the temple. A note to the "Dear Old World," and a will leaving his meager estate to his wife indicated that he had killed his wife and then himself in a fit of insane jealousy.

The body of Mrs. Anna Young, 40, was found Sunday afternoon in her home. Her head had been almost completely severed with a razor. A few hours afterwards her husband, John Young, was arrested and will be given a hearing on a charge of murder.

Late Saturday night, Mrs. Lillian B. Smith, 23, was stabbed to death as she was returning from market. Her husband, Fred B. Smith, is being sought by police for questioning in connection with her death. The couple had separated and divorce action was pending.

## THEATRES

### "The Cat and Canary."

Thrills suspense romance and fund crowd the three acts of "The Cat and the Canary," John Willard's famous exciting play which has enjoyed two successful seasons at the National Theater, New York City, and which comes to the Grand theater Tuesday night.

Through a maze of perils move a boy and a girl whose every step is followed with tense interest by the enthralled audience, while as darker piles on danger, every other character in the play is under suspicion as the perpetrator of the strange and creepy happenings of which the amazing story is woven. But though

the mystery is not cleared until the final curtain, the nerves of the on-lookers are never overstrung for there is constant relief in the sweetest of love scenes and in side-splitting situations that turn the shrieks of terror into shrieks of laughter.

Kilbourn Gordon, Inc., staged and cast this production with greatest care, and the thrilling play will be presented here exactly as it was done in New York for two seasons.

Rome, March 17.—King Victor Emmanuel today bestowed the title of Prince of Gabriele D'Annunzio, soldier poet, in recognition of his war services to Italy.

## Is Your Back Giving Out?

ARE you miserable with an aching back? Do you get up lame and stiff—lag through the day, tired, weak and worn out? Do you wonder why you are so run down? Many times this condition is due to weak kidneys. Winter's colds and chills are hard on the kidneys. The kidneys are apt to show up in their work of filtering body poisons from the blood. These poisons accumulate. Then comes backache, with rheumatic pains, headaches, dizziness and kidney irregularities.

Don't risk serious kidney trouble! Use Doan's Pills—a stimulant diuretic to the kidneys. Doan's have helped thousands. They are recommended by many Salem people. Ask your neighbor!

### "Use Doan's," Say These Salem Folks:

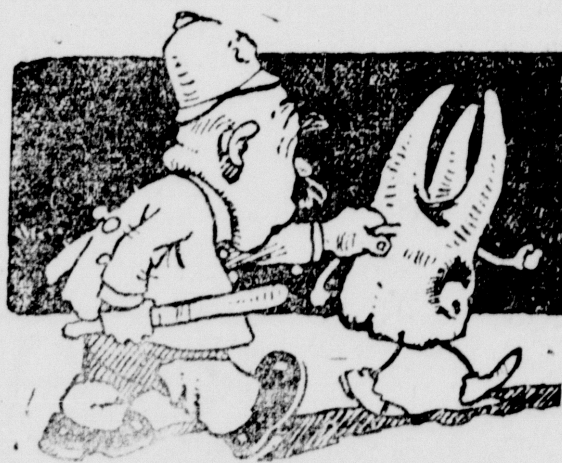

Arthur Simm, machinist helper, 99 Lincoln Ave., says: "A cold had settled on my kidneys and they ached all the time. I had a steady, numb feeling at my work or lift anything caused sharp pains to shoot through the small of my back. This troubled me and I had to pass the kidney secretions often during the day. I used Doan's Pills and my kidneys began working regularly again and I had no more backache."

Mrs. Geo. Woerther, 54 W. Green St., says: "My kidneys were not in good order and I caused me trouble. I was tired and languid and very nervous. The slightest housework was too much for me and I tired out before the day was half over. Pains through my kidneys were the worst of my trouble and I had that heavy, bearing down feeling in my back. Doan's Pills rid me of the pains and I felt better all over."

For the benefit of Boy Scouts, their leaders and friends who may be interested, Homer L. Peters will install a receiving set and loud speaker in the Chamber of Commerce rooms, to which all are invited.

Scout Executive Lee R. Chamberlain, who has been attending the University Training Course, will attend the dinner with former Scoutmaster Rev. J. P. Harman, now of Braddock, Pa.

## Defeat Bill Limiting Term Of President To Only Four Years

Washington, March 17.—The senate this afternoon defeated, by a vote of 70 to 4, an amendment to the constitution proposed by Senator Willis, Republican, of Ohio, limiting the president to one term of four years.

## Raps Coolidge For Keeping Daugherty

Washington, March 17.—Partisan criticism of President Coolidge for "keeping Al" V. Gen. Daugherty" in the cabinet flared up again in the senate this afternoon.

Senator Caraway, Democrat, of Arkansas charged the president with being afraid to dismiss Daugherty "because the attorney general is said to wield considerable influence and a new election is approaching."

## BONUS WILL COST OVER 2 BILLIONS

Estimate Is Made As Bill Is Presented; Vote To Come Tuesday.

Washington, March 17.—The report of the house ways and means committee on the new soldier bonus bill, which will be presented to the house today and voted on Tuesday, was made public today by Chairman Green, estimating the maximum cost of the measure at \$2,119,000,000 spread over twenty years.

The cost, the expert said, could be met by anticipated savings in current expenses of the government.

A minority report signed by four Republican members of the committee, Representatives Treadway, Massachusetts; Tilson, Connecticut; Watson, Pennsylvania, and Mills, New York, attacks the giving of a bonus as an "unsound principle" and declares its cost would limit tax reduction in future years.

The bill provides for paid-up twenty-year endowment life insurance policies and cash payments to veterans not entitled to more than \$50 in adjusted service compensation.

Proponents of the measure predict its passage Tuesday, although a two-thirds majority will be necessary, the bill coming up under suspension of the rules which limits debate and prohibits amendments.

Members of the Democratic veterans group were disturbed today because they had been denied the opportunity under the rules of offering an amendment providing for full cash payments as an option of the measure, but leaders indicated most of them would vote for the bill and depend on senate action for the full cash payment option.

## SERMON PREACHED BY ALLIANCE MAN

"Being Justified by Faith," was theme of a sermon preached by G. F. Smith of Alliance, Saturday evening at the Salvation Army barracks, West Green st.

The speaker pointed out that there is only one way for man to be justified and that is through the blood of Christ.

Readings along Salvation lines given by Rev. Lawrence Linton of Damascus were much appreciated. The service was well attended.

Rev. Stella McCann of Damascus who is assisting in these services, spoke to the children at the Sunday school period. Ten children professed conversion. Mrs. McCann assisted on "Holiness" at the service following the school session. The text used was "Be Ye Holy, For I Am Holy."

Mr. Smith brought the Sunday evening message, which had to do with getting ready for the Day of the Lord. These services will continue each evening at 7:30. Revs. Linton and McCann are both expected to be at the service Monday evening.

## GOVERNMENT OIL SUITS

Continued from First page  
for his unlawful acts in the furtherance of said conspiracy.

"On or about November 20, 1921, in the furtherance of the conspiracy between Fall and Doheny, Doheny did pay unto Fall that certain reward therefor promised him, to-wit: the sum of \$100,000 lawful money of the United States of America."

With respect to the contract under which Doheny was to construct fuel oil storage facilities at Pearl Harbor, Hawaii, for the navy department in return for oil taken from the California lease, the government charges that this agreement was negotiated and consummated in such a way that competitive bidding was impossible "pursuant to the conspiracy above set forth."

### Six Steps Sought.

After citing its case against the Pan-American Petroleum company, government counsel asked the court to take the following steps to restore the oil lands to the government:

- 1—Issue a temporary injunction stopping all operations under the Doheny lease of Dec. 11, 1922.
- 2—Appoint a receiver to control the property pending the litigation.
- 3—Grant a final injunction barring all officials and employees of the company from trespassing on the naval reserve.
- 4—Enter a decree nullifying the Doheny leases and agreements with Fall.
- 5—Order Doheny to deliver the leases and agreements to the government for cancellation.
- 6—Enter a decree compelling the Pan-American company to account for all the oil and minerals it has taken from the reserve.

## Beef Of 2285 Pounds Tips Scales At 1488 After It's Butchered

What is probably the largest beef ever slaughtered in Salem and vicinity, is on display at Votaw's meat market.

The beef, raised on the farm of Jonathan Shaffer, Ellsworth rd., weighed 2285 pounds alive and now in its dressed state in the meat shop it weighs 1488 pounds.

The fact that the beef dressed 66 per cent is evidence that it is an exceptional animal, as the usual amount of meat obtained from an ordinary beef is between 50 and 60 per cent. Saturday will be cutting day and the beef will be sold to customers. It is being cured at present.

Two of the original 35 members of Butler Grange No. 993, Columbiana county, are still members of the grange in good standing and are looking forward with interest to the 50th anniversary of the organization, which will be celebrated Thursday, July 31.

They are F. J. Ward of Salem, and A. M. Ward, his brother, who lives not far from the grange hall. Five others of the charter members are still living, as follows: H. J. Winkle of Beloit; B. F. Winkle of the Soldiers home, Sandusky; E. D. Winkle of Salem; Mrs. Anna Maria Galbreath Conrad of Colorado and Mrs. Emma Winkle of Damascus.

Thompson C. Randolph, who lived near the present hall, was primarily responsible for starting Butler Grange and he was always ready to back it in any good move. It was organized at his home and until it was possible to build a hall it met at his home. He headed a subscription for a new hall with a subscription of \$100 and gave much of time and effort besides.

It is planned to have a celebration on the 50th anniversary of the organization.

## QUICK RELIEF FROM CONSTIPATION

Get Dr. Edwards' Olive Tablets

That is the joyful cry of thousands since Dr. Edwards' produced Olive Tablets, the substitute for calomel.

Dr. Edwards, a practicing physician for 17 years and calomel's old-time enemy, discovered the formula for Olive Tablets while treating patients for chronic constipation and torpid livers.

Dr. Edwards' Olive Tablets do not contain calomel, but a healing, soothing vegetable laxative.

No gripping is the "keynote" of these little sugar-coated, olive-colored tablets. They cause the bowels and liver to act normally. They never force them to unnatural action.

If you have a "dark brown mouth"—bad breath—a dull, tired feeling—sick headache—torpid liver—constipation, you'll find quick, sure and pleasant results from one or two of Dr. Edwards' Olive Tablets at bedtime.

Thousands take them every night just to keep right. Try them. 15c and 30c.

## WILKINSON GIVEN CHARGE OF LIVE STOCK SHIPMENTS

Phil E. Helms, field service manager for the Columbiana county Live Stock Shipping association, has issued an official statement, which advises shippers of live stock in the northern part of the county that George J. Wilkinson will hereafter have charge of all live stock shipments out of the Salem district.

By this arrangement every farmer is given the opportunity to ship his live stock direct to the market that nets him the most possible. Live-stock shippers out of this district have established a Producers Co-Operative Commission association in Pittsburgh, through which agency all live stock shipped from Columbiana county through this Farm Bureau agency is sold. It is through the establishing of its own live stock commission firm, that the shippers are put in a position whereby their shipments will receive greater attention, and this means a saving to the shippers on their net returns.

A similar receiving agency has been established in Cleveland live stock market by Farm Bureau shippers, and in the eight and one-half months this concern has been in business, it has handled shipments to the value of \$4,600,000 and at a profit of \$16,900. This profit is to be returned to the shippers on a pro rata basis of the business they have done through the Cleveland office.

Shippers of live stock from the southern part of the county to either

the Pittsburgh or Cleveland market have been offered the same opportunity to ship through the Live Stock Shipping agency, and bureau members have been urging their members to avail themselves of this service.

There has been a gradual increase in livestock shipping out of Columbiana county during the last year, and especially since the Live Stock Shipping association was formed over a year ago.

Through its pioneer mothers' pension legislation the British Columbia government is now aiding 900 widows and their families.

## TWO ROADS READY FOR TRAFFIC AS BELOIT DETOURS

Traffic over the Sebring-Beloit road will be diverted over one of two hard-surfaced detours while the main road is being widened and resurfaced, it was stated today.

Smith township trustees have put two roads leading north out of Sebring in good condition for detouring traffic off the Sebring-Beloit road. Both these roads are hard surfaced.

faced and can be traveled in any kind of weather, it is said.

One road, a half-mile north of Sebring, can be reached by way of North Fifteenth street. The other is just a half mile beyond this road. Both roads connect with the improved Beloit-Youngstown road.

The Sebring-Beloit road will be widened four feet. Contract calls for a re-surfacing of concrete base with brick top, both to be laid over the present brick surface. A Youngstown concern has the contract for the project. The road will be completed in 40 days, the contract guarantees.

## Those Pearly Smiles

Do what they do—millions of them  
Fight the dingy film on teeth

There is a way to whiter teeth, to greater beauty, sweeter smiles. You know that if you look about.

Millions are using a new way of teeth cleaning. They combat the film, which other millions leave.

Go now to your dealer and ask for a free test of this new-day method.

### Most teeth are unclear

Most teeth are coated more or less by film. You feel it now—that viscous coat. Leave it, and it soon discolors, forming dingy coats. That is how teeth lose luster.

No ordinary tooth paste effectively combats it. So well-brushed teeth may suffer.

Film causes most tooth troubles. It holds food substance which ferments and forms acid. It holds the acid in contact with the teeth to cause decay. Germs breed by millions in it. They, with tartar, are the chief cause of pyorrhea.

### A serious matter

Film is a serious matter. So dental science has long sought for ways to fight it. Two have been found. One disintegrates the film at all stages of formation. One removes it without harmful scouring.

Many careful tests have proved these methods effective. A new-type tooth paste has been created to apply them daily. The name is Pepsodent.

### Protect the Enamel

Pepsodent disintegrates the film, then removes it with an agent far softer than enamel. Never use a film combantant which contains harsh grit.

## BRINGING UP FATHER

## INFORMS VOTERS ON PRESIDENTIAL PRIMARY IN APRIL

Columbus, March 17.—As the time for holding of the presidential primary in the state draws near, the increasing interest of the voters is evidenced by the rapidly growing number of inquiries received by Col. Thad H. Brown, Secretary of State, Supervisor of Elections, and Inspector of Elections, asking for information.

These inquiries cover a multitude of questions and in response to them Secretary Brown has prepared such detailed answers as seek to include all.

The presidential preference primaries will be held, this year, on April 29, the last Tuesday in the month. Electors will vote as parties, Republicans and Democrats.

One ballot will be submitted to the voters by which they will express a choice for President and Vice President, direct. This will be designated the "presidential preference ticket."

Another ballot, having only the party designations at the top, will be for the election of delegates-at-large to the national conventions; alternates-at-large to the same; delegates and alternates to these conventions, by congressional districts, each district to select its own, independent of the vote for President and Vice President or for delegates and alternates at large. On the same ballot, for both parties, the opportunity will also be given to vote for delegates and alternates to the state conventions.

The presidential preference ballots and the delegate ballots are to be separate.

Tickets Explanatory.

The tickets have been so prepared by Secretary of State Brown, and will be accompanied by such full instructions to the officers of election, that opportunity for confusion or mistake cannot arise.

On the presidential preferential tickets, of both the Republican and Democratic parties but three names will appear. The Republican ballot will have as candidates for President, Calvin Coolidge and Hiram W. Johnson; for Vice President, Wm. Grant Webster. Candidates for President on the Democratic ticket will be James M. Cox and William G. McAdoo; and for Vice President, George L. Berry.

Electors will be cautioned to vote for but one candidate for President. As there is to be but a single name appearing on each ticket for Vice President, no such injunction is necessary for that office.

The tickets for delegates-at-large and alternates-at-large to the National convention; district delegates and alternates to the same conventions and delegates and alternates to the state conventions will bear the instruction that not more than seven names shall be designated for either a delegate-at-large or an alternate-at-large on the Republican ticket and not more than eight on the Democratic; not more than two for district delegates or alternates, all of whom are chosen for the National conventions and not more than a designated number as delegates or alternates to the state convention. Deep black

lines will mark the separating place between the names of delegates-at-large; district delegates and district alternates and delegates and alternates to the state conventions. This is done to make more clear the work of the voter in marking his ticket.

The delegates to the state conventions are provided among the committees by the party state central committees, one to each 500 votes cast for governor in 1922.

## Says Japs Violate Immigration Rules

Washington, March 17.—Japan has "grossly violated" the existing gentleman's immigration agreement with the United States, Senator Sherbrooke, Republican of California, charged before the senate investigating committee.

Sherbrooke bitterly opposed the

lifting of immigration bars against Japan by admitting her nationals under a two percent immigration quota.
